

The Council of European Municipalities and Regions

Is looking to appoint a proactive

INTERIM POLICY OFFICER

to join our committed policy team in Brussels in particular for our work related to employment, social policy and public services, taking on other areas as new priorities emerge.

You should have a good knowledge of the European institutions and decision-making process, and be dynamic and competent in the above policy areas. Sensitive to political and cultural diversity, you will have good policy development, diplomatic and communication skills. Fluency in English and French is a must; a third language will be a plus.

The application pack is available on CEMR's website:
